CONFORMATION CLASS TIME CHANGE

FROM 7:00 PM TO 6:30PM

FUJI PARK WEDNESDAY EVENING.

PRESIDENT MESSAGE

Here we are only one month away from the shows! It seems like you have all the time in the world when a show weekend ends and you're looking ahead to the next one. You take a deep breath to relax and suddenly it's HERE and you wonder how all that time passed so quickly. We're down to the nitty gritty now, friends! We need your help to make this work. If you can help in any way, please do! Grounds set-up – the superintendent doesn't do it all, ring stewards, kitchen help, hospitality runners, announcers / catalog sales, judge rides, we need it all – and more. Please volunteer if there's something you can do! We will most certainly appreciate it!

Judges are hired for 2017, but if you have suggestions for 2018 or beyond, please contact me and I will forward your suggestions to the others helping with judge selection. If your club is interested in holding a supported entry or a Friday specialty in the future, it's not too soon to let me know so things can be started. It's an ongoing, non-stop process to keep it forging ahead and we couldn't do it without you! Thank You to each of you who so willingly help out, many behind the scenes that nobody ever knows about – You're the Best!

Don't forget that the board will be appointing the Nominating Committee at the October general membership meeting. Dues notices for next year also go out in October. It's never too soon to start thinking about what you'd like to see the club do, what direction you'd like to see it take. Bonanza Kennel Club has always been a club run by the members. I've heard several rumblings lately about members who aren't happy with what's being done. Instead of rumbling behind the scenes, please speak up at a meeting. We can accomplish a lot more by discussing your concerns than we can by just hearing things are stirring behind the scenes ... This is your opportunity to speak your opinion!

We'll see you at the next meeting Tuesday, September 6th, 7:00 p.m., at the Carson City Community Center

BOARD MINUTES OF JULY 29TH 2016

Meeting called to order by President Candy Roper at 11:36am, Board present President Candy Roper, Vice President Sieg Goepner, Corresponding Secretary Gail Spieker, Recording Secretary Judy Davis, Board members Cindy Craig and Elaine Oxborrow. Members present Carol Colavecchio and Rick Berger. There was a quorum

President Candy Roper requested a motion to approve the last Board meeting of July 29th, 2015 that was printed. Corresponding Secretary Gail Spieker made the motion 2nd by Board Member Elaine Oxborrow.

Corresponding Secretary no report Recording Secretary no report Treasurer Report no report. President Candy Roper asked Vice President Sieg Goepner if he knew if the Post Office bill was paid, he did not know.

Old Business

Match business: Cindy Craig Chairman, said each group of both puppy and adult were represented and there was a total of 40 entries that were equal. She received positive feedback of those attending. She also stated it was unfortunate that the two ring stewards who had volunteered got sick. Rick Berger volunteered which was greatly appreciated. She also wanted to thank Sieg Goepner and Bob Newman for stepping in and helping. She really appreciated that Gail Spieker was also standing by to help where needed. Judge Carol Colavecchio said she had a great time and felt there were some outstanding dogs that were good representation of their breed. Recording Secretary Judy Davis announced she was able to get 7 new members sign up for membership to our club. Chairman Cindy Craig also brought up regarding security issues with the park and lose dogs. She requested that in future events we need a park ranger. Due to liability issues it should be the parks responsibility since we are paying for the park. It was discussed and decided that Vice President Sieg Goepner would talk with the park services and request that the "Dog Park:" be shut down during our show. Also to learn what their responsibilities are for the park.

Show committee: President Candy Roper announced that all the Judges for 2017 were hired and contracts were signed. Member Rick Berger did announce that he is still looking for a obedience Judge.

Recording Secretary Judy Davis asked about the spaghetti feed. She told them that she had spoken with Chris Sage and she suggested that it would be held on Friday night. Chris gave the menu of Spaghetti with meat sauce, salad and garlic bread and fee would be a \$7.00 donation. Board member Elaine Oxborrow suggested that we table it this year and do a survey with the exhibitors that will be attending this year, of whether or not they would like to have one. Plus ask what night they prefer. Member Rick Berger asked "Why" Elaine replied so that we can confirm what the health department requirements are. Also that we would have more time to print it in the premium list. Board Member Elaine Oxborrow made the motion to investigate the health department requirements for food during our show and plus do a survey with our exhibitors. Vice President Sieg Goepner second the motion. Motion passed.

Food Vendor question was raised Recording Secretary Judy Davis said she is assisting Vendor chairman Steve Durand in locating vendors and that we were also working on a food vendor. It was discussed regarding having a community group to do meals. President Candy Roper said that the Carson City Kiwanis are interested. Recording Secretary Judy Davis will have Steve follow up on it. She also said that they should have a full report by the September meeting confirming food.

President Candy Roper said she was able to reach the German Shepherd of Reno and that they are interested in doing a specialty and a supported entry for 2017. Recording Secretary Judy Davis reminded the board that the German Shepherd national will be at the Reno Livestock center one week after our show in October in 2017.

It was suggested by board member Elaine Oxborrow that the recording secretary send a warm and fuzzy letter to all the local specialties inviting them to join us and have their specialty on Friday as well as do a supported entry with our shows. Suggesting in the letter to pick out their Judges for at least 2 years in advance. Requirements being that the Judges can do at least 2 groups so we can use them in our show.

Recording Secretary requested to be on the Judges Selection committee for 2018 with Rick Berger he agreed.

Unfinished business none New business none. Meeting adjourned at 12:25pm

Respectfully submitted Judy Davis, Recording Secretary/

BLOAT

Article courtesy of Jan Young

What is bloat?

Gastric dilatation-volvulus (GDV) is also known as "bloat," "stomach torsion," or "twisted stomach." Bloat should be considered a life-threatening emergency! There are no home remedies for bloat, therefore **DOG OWNERS SHOULD GET THEIR DOG TO AN EMERGENCY VET AS QUICKLY AS POSSIBLE IF THEY SUSPECT THEIR DOG HAS BLOAT.** Dogs can die of bloat within several hours. Even with treatment, as many as 25-33% of dogs with GDV die.

In bloat (dilatation), due to a number of different and sometimes unknown reasons, the stomach fills up with air and puts pressure on the other organs and diaphragm. The pressure on the diaphragm makes it difficult for the dog to breathe. The air-filled stomach compresses large veins in the abdomen, thus preventing blood from returning to the heart. Once filled with air, the stomach can easily rotate on itself, thus pinching off its blood supply. Once this rotation (volvulus) occurs and the blood supply is cut off, the stomach begins to die and the entire blood supply is disrupted and the animal's condition begins to deteriorate very rapidly.

Understanding the signs, prevention, and need for prompt treatment will help reduce the risk of mortality if your dog develops this problem.

Who gets bloat: It is most common in large deep-chested dogs, and Samoyeds fall into this category. It is also more common in males and dogs with a first degree relative who has had bloat. Being underweight may contribute. Anxious and fearful dogs are more likely as well.

Causes:

Stress: Things like dog shows, changes of routine, new dog in the household, thunder storms or fireworks, other things you know stress your dog.

Eating habits: elevated food bowls, rapid eating dry foods containing citric acid (made worse by moistening the food), dry foods that contain fat in the first four ingredients, drinking too much water before or after eating so the digestive enzymes are diluted, eating gas-producing food (soy products, brewer's yeast, alfalfa), air gulping from drinking too much water too quickly.

Exercise before and especially after eating.

Symptoms of bloat:

1. Anxiety and restlessness may be one of the earliest warning signs
2. Unsuccessful attempts at vomiting (they may produce foam or mucous). To some it may sound more like coughing so be sure to take a look when you think you hear your dog coughing.
3. Unusual behavior such as asking to go out in the middle of the night when the dog doesn't typically do this, especially if accompanied by an unsuccessful attempt to vomit.
4. Hunched up appearance, caused by attempts to reduce discomfort/pain in abdomen.
5. Bloated – tight and painful - abdomen may be a late finding. Don't wait for this to occur
6. Other Symptoms that may occur include pale gums, salivating or drooling, whining, pacing, trying to hide, excessive drinking, shallow breathing, odd stance and postures, drinking excessively, trying to defecate. The list is long.

Treatment:

Get to a vet as fast as possible for evaluation and early treatment with IV fluids, medications as indicated. Gas will be removed from the stomach by NG tube or large needle aspiration into the stomach. Once stabilized the dog will typically go to surgery to evaluate the health of the stomach and surrounding organs, to reposition the stomach, and to suture the stomach to prevent it from twisting again (75-80% will develop GDV again if this is not done). Complications can arise as result of the shock and lack of blood supply to vital organs and these will be treated as needed.

Prevention:

Be aware of the signs and symptoms and contact an emergency vet immediately upon suspicion of bloat.

Feed large dogs two to three times a day instead of one large meal, be aware of the eating habit issues listed above and avoid as possible. Avoid heavy exercise before and after eating.
